SUMMARY

Computer enthusiast with 3 years of professional IT cybersecurity experience and 5+ years of hobbyist tinkering. Learned process automation, auditing, and building for compliance at UCSD ITS. Learned server and PC building, troubleshooting, and management from 5+ years of working on computers and a personal server.

Education

University of California, San Diego, BS in Computer Engineering Sept 2021 – June 2025

- **Coursework:** Operating Systems, Computer Security, Web Client Languages, Database Systems, Computer Architecture, Software Engineering, Digital Circuits, Circuits and Systems

Experience

IT Security Programmer (Student Position), UC San Diego – San Diego, CA Apr 2022 – Present

- Cybersecurity Certification for Research (Deprecated)
 - Automated the certification process with GraphiQL to query the Quali API and generate compliance certificates for NSMP-33 impacting research for the entire UCSD Campus.
 - Generated a Splunk Enterprise Dashboard for internal data-analytics using Splunk's SQL language.
 - Information Link: blink.ucsd.edu/technology/security/certification
- NAT Log Correlation Script
 - Automation script to streamline compiling the correlation between several network access logs.
 - Per use, the script saves four days of manual work from one day of work to write the script.
- UCSD - OIA Web Crawler (Deprecated)
 - Web crawler for the use-case to inventory UCSD owned pages with the purpose to ingest them into a scraper that would check for unauthorized analytics software.
- TritonGPT Penetration Testing
 - Identifying and reporting weaknesses in UCSD's LLM web application TritonGPT.
 - Information Link: blink.ucsd.edu/technology/ai/tritongpt/
- NIST 800-171 rev. 2 Compliance Project
 - Generate NIST 800-171 compliant images for Windows 11 and Mac OSX (Sequoia)
 - Starting step to generate compliant endpoints to follow upcoming federal guidelines
 - Proof of concept stage; not deployed.

Culinary and Market Services Retail (Student Position), UC San Diego – San Diego, CA Oct 2022 – Mar 2022

- Barista, Customer Service, Restocking

Office Assistant, Dr. Donald Huang DDS – Stockton, CA June 2018 – Aug 2018

- Phone service, customer service, patient chart pulling and filing

Technologies

Languages: Python, C++, C, Java, JavaScript, SQL, Splunk Query Language, Shell-Script, Google Apps Script

Technologies: Splunk Enterprise, Microsoft Azure, Qualys, Microsoft Office Suite (MS Excel, MS Word, etc.), Google Sheets, Linux (Ubuntu), Apple OSX, Windows 10, Windows 11

Miscellaneous Skills: Electrical Troubleshooting, Computer Troubleshooting, Soldering and Desoldering, Server Management
